Slide Notations

Blessed is the nation whose God is the Lord, the people He has chosen as His own inheritance.
Ps 33.12

The Psalmist... *Calls the people of God to praise! v2-7* Praise Him with instruments... w/fresh songs, delivered w/heartiness... For His word is right and His works are the result of eternal truth... For He loves righteousness and judgment and mercy... For the power of His creative word... ***Calls the people of God to fear! v8-11*** For when He speaks, what He says – IS! For He frustrates the best counsel of the world and all their mighty machinery... For His word precedes and overrides them all, from generation to generation, forever! Blessed is the nation whose God is the Lord; Blessed are the people He has chosen as His own inheritance. **Ps 33.12**

Blessed we have been! Almost from the beginning, we have stood out from the rest of the nations of the world... Something different in our national fabric! A strange strength! An uncanny prosperity! Timely and repetitive protection! An other-worldly ingenuity! *Because we were a nation under God!* **SO WHAT HAPPENED?**

What happened? *When we should have been warring for the soul of our nation...* We were sleeping rather than watching... We were feasting rather than fasting and praying! When we should have been exercising our God given privileges for voting we were floating... Taking for granted nothing would change!

And with an accelerated pulse we are getting farther and farther away from our design as a nation under God!

Our society now sits on a throne equal to God – claiming rights to our own sovereignty...

Or worse, follows the god of this world – exalting its throne above the throne of God claiming our own dominion!

When we should have been warring for the souls of the American people... We began fighting for the American way, the “good life...” trading away “true life!” We gave ourselves over to the baubles and shunned the true riches! We began fighting among ourselves for the biggest piece of the American pie! Became untrustworthy stewards/nation! A nation handed to us by Founded Fathers!

Found(ed)ing Fathers... Established our nation on God’s principles! After 40 yrs of revisionist history... kids don’t even know who they were! A government w/separation of powers... Meant for the purpose of protecting the church from any outside control... Now moving to consolidation of power and intervention into moral code/Word! Moving at the speed of empowered godless men/women!

Godless challengers! Supreme Court nominee *Elena Kagan...* “Elena Kagan has trampled every obstacle standing in the way of her pro-abortion, pro-homosexual agenda. And if the Senate votes to seat her on the highest court in America, the U.S. Constitution will be next.” –Tony Perkins, FRC. Kagan: “the U.S. Constitution can bend to new conditions, to new circumstances, to changes in the world.”

Godless challengers! The director of the White House Fellows program, *Cindy Moelis*, previously served as director of a group that granted Weather Underground terrorist organization founder William Ayers its "public trust" award, \$49.2 million. *Judge Robert Chatigny*, 2nd Circuit Court nominee: (case

of 8x child serial killer) "well understand where [the killer's] coming from." 75% child pornography cases less than state minimum penalty.

Godless challengers! *Chai Feldblum*: "can't imagine a case where gay rights would not trump religious rights!" "No exceptions based on religious beliefs... We cannot allow pockets of resistance to flourish."

"God commands you to choose for rulers, just men who will rule in the fear of God! If the citizens neglect their duty and place unprincipled men in office, the government will soon be corrupted." *Noah Webster*

Godless challenges! On the brink of moral collapse! Just finished LGBT/Gay Pride month! Privileged new class in America; identified by sexual pref's! L-G-B-T! Special benefits, rights, protections and friends! American press highlighting the marriage of the PM of Iceland to her gal pal! Shape/scope/hope of things to come!

Godless challenges! On the brink of moral collapse! Americans struggling to find jobs: NIH, has awarded \$1.44m for a "study of drug and sexual risk among homosexual male prostitutes in Hanoi and Ho Chi Minh City. Provincetown, MA: 6 yr old 1st graders given "right" to free condoms... No parental opt out... even though must have parental permission to take Tylenol

Godless challenges! Financial implosion! First pain will come w/2011 tax return, HR3590, Sec 9002 (of10909)/W-2 declaration of employer health insurance. Health-care premiums/Texas \$400-600 Get your financial house in order! Get your reserve together. Get out of debt. Get ready to help lots of people.

Godless challenges! Muslim intervention! "(Kenny – Love Train, Me and Mrs. Jones) Gamble, now known as Luqman Abdul Haqq, is affiliated with the National Ummah Movement which seeks to establish sovereign Islamic enclaves ruled by shariah (Islamic) law within major cities throughout the U.S.A. He managed to collect \$1.6 billion through Universal Company, a "charitable org" formed in 1993. Speaking to his fellow Islamists, the former songwriter quipped: "We are not here for Universal, we are here for Islam." www.familysecuritymatters.org 5/20/10

TX Congressman Louie Gohmert "Our nation has backslidden terribly from God and what is right. "We are passing road markers that mark the miles where civilization ends. We are loosing our country. "We have turned our back on Israel our closest friend and ally. We have betrayed her, by requiring she expose her nuclear capabilities– (like Hezekiah exposed his resources before Jerusalem's fall/Judah's exile. Is39)

- Now frequently reading from Scripture on the floor of Congress -- and getting mocked for it.
- Encouraged every pastor and leader to be very courageous at this time and to preach the truth, using all the gifts that God has given them.
- Said that if we did not see things turned around that he expects Christians will face serious persecution.
- Urged believers: "stand up now against the evil! It is important that whatever we do, we do it now!"

Farther and farther away... Praise and fear of God, gone! Praise of God replaced worship of world! No longer hear His words and tremble. We mock His creative power! Blessing, gone! Replaced by "cruel stuff" ever promising, forever withholding! And the only hope for the world, believers armed with – and living out – the truth, are being carried away! Marriages/families/ministries broken!

Call2Turn... Must come out from among them and be separate unto the Lord... **2C6.14** Take heed of yourselves that the light that is in you doesn't go dark! **Lk11.34** For if your light becomes darkness, how great is your darkness? **Mt6.23** How is it that after knowing God you turn back to weakness and a pauper's bondage again? **Gal4.9**

And "if My people humble themselves and pray" won't work anymore... not without the last part!

"If My people humble themselves and pray and seek My face and turn from their wicked ways, then I will hear, forgive and heal their land!"

Before every answer to revival prayer... is the acknowledgment of sin and the readiness to turn back to God!
